SECTION 10901

SOLAR PLANT MAINTENANCE TRACTOR

PART 1 - GENERAL

1.1 SCOPE OF WORK

- A. Furnish a tractor as needed for maintenance of the solar plant as described in this section. The tractor will be used to perform mowing at the City of Marianna's solar plant sites.

1.2 QUALITY ASSURANCE

- A. The tractor listed in this section shall meet or exceed the performance and quality requirements described in section 2.1 below.

1.3 BASIS OF PAYMENT

- A. The City of Marianna will direct purchase and provide payment to the tractor distributor.

1.4 PRODUCT DELIVERY, STORAGE AND HANDLING

- A. Protect all equipment from damage during shipment and handling. All equipment supplied under this section shall be delivered to the City of Marianna Wastewater Treatment Plant at 2832 Davey Street, Marianna, Florida, unless otherwise directed by the Owner.

PART 2 - PRODUCTS

2.1 SOLAR FARM TRACTOR

- A. Tractor shall be supplied with 4-wheel drive, hydrostatic transmission, minimum 49.3 HP (gross power) diesel engine, 3-point hitch with position control, and PTO with minimum power of 39.0 HP; tractor shall be Kubota model MX4800HST or equal.

PART 3 - EXECUTION

3.1 INSTALLATION

- A. Equipment supplied under this section shall not be installed or stored on the solar plant job sites but shall be delivered directly to the Owner for storage and later use for maintenance of the solar plants. See paragraph 1.4 above for shipping instructions.
