Subject: Clean Up Proclamation

Good Morning.

In regular session July 2, 2019, the Marianna City Commission approved a proclamation for a city-wide cleanup day to occur annually on the second Saturday of October. The cleanup day is to be commemoration of people coming together, neighbor helping neighbor, to clean up after Hurricane Michael. The City Commission requested I name the day.

I heard a song by Natalie Grant called “Be One” that seemed to embody the cause. Some of the lyrics follow:

“It's time to get our hands dirty
Be love there's a whole lot of hurting
Calling all hearts
Calling all hands
Calling all feet to take a stand
Why sit around and wait for a miracle to come
When we can be one”

Based on the intent of the song lived through our citizens, who came together as one with all they had to make a difference, I named the day “Be One Day”.
