Mr. Jim Dean  
City of Marianna, Manager  
2898 Green Street  
Marianna, FL 32446

Dear City Commissioners and Mr. Dean,

The School Board is grateful for the full support that the City of Marianna has given to the Marianna K-8 Project. We cannot thank you enough! Therefore, it is with hesitation that we make this request.

A large part of this project is the landscaping features that will bring an aesthetic quality to the finished project. Our Landscape Architect has encouraged us to use well water to irrigate the plants and grass as not to bring chemicals, especially chlorine, to the ground.

We are asking the City Council to allow us a variance to their policy and allow us to install a 6" well for the sole purpose of irrigating the landscape elements of the New Marianna K-8 School.

Your consideration in this matter is appreciated.

Sincerely,

A handwritten signature in blue ink, appearing to read "H. Larry Moore".
