

**CITY OF MARIANNA  
COMMISSION AGENDA MEMO  
FEBRUARY 2, 2021**

ITEM# \_\_\_\_\_

<b>ADMINISTRATIVE STAFF REPORT</b>
------------------------------------

**Subject:** Purchase of Gas and Water Meters with ERT's

**Detail:** The City started a change out program several years ago for replacement of water and gas meters throughout the City and to be fitted with Itron ERT's in order for the meters to be ready electronically from a remote location. The next phase of the change out program will be Routes 3 and 12 which consist of Madison St., Broad St., Crutchfield Apts., Davis and Park St., Wynn St, Pooser Rd., Hwy 73 out to Big Lots, Orange and Oak St. and others. There are a total of 189 gas and 451 water meters as these locations for a total replacement of 640 meters.

With this phase, the City will have approx. 36% of the total water meters and 50% of the total gas meters fitted with ERT's.

The 189 gas meters will be purchased sole source from DevTech Sales, Inc. in the amount of \$28,417. Delivery is estimated at 4-6 weeks for most meter except large ones which may be longer.

The 451 water meters will be purchased sole source from Avanti Company in the amount of \$124,309.05.

Total cost of this project will be \$152,726.05. The monies will come from Contingency in Utility Fund.

**Recommendation:** I recommend approval of the purchase of 189 gas meters and 451 water meters.

**Potential Motion:** I move to authorize approval of the purchase of 189 Elster American gas meters (with ITRON ERT's) from DevTech Sales, Inc. in the amount of \$28,417 and 451 Badger water meters (With ITRON ERT's) from Avanti in the amount of \$124,309.05.
