ADMINISTRATIVE STAFF REPORT

Subject: Local Mitigation Strategy (LMS) Plan
Resolution 2021-011

Subject Background: The City participates in and is a member of the LMS Board for Jackson County. The LMS Plan is revised and modified on a regular basis by the Board.

In order to participate in the FEMA Hazard Mitigation Grant Program the City needs to adopt the LMS Plan, describing potential projects that are needed to mitigate further damage in the event of a storm.

Recommendation: The City has reviewed the proposed Plan developed by the LMS Board and finds it to be acceptable. The Plan has many projects that are needed by the City of Marianna. It is recommended the Commission approve the LMS Plan as submitted by adopting Resolution 2021-011.
