

**CITY OF MARIANNA
COMMISSION AGENDA MEMO
REGULAR MEETING
April 6, 2021**

ITEM # _____

ADMINISTRATIVE STAFF REPORT

- Subject:** Old Cottondale Road Resurface Project
Florida Department of Transportation (FDOT)
Small Community Outreach Program (SCOP)
- Subject Background:** The City was awarded SCOP funds to resurface Old Cottondale Road. The Commission also agreed to do a waterline replacement and construct sidewalks.
- Bids were received and evaluated by the City’s Engineer for the project Alday Howell. Alday Howell is recommending awarding to lowest responsive bidder. The bids were in excess of funds available and a request has been made for additional funding.
- Recommendation:** FDOT indicates they can provide some of the additional funding. Based on the attached evaluation it is recommended to award the project and additional funding from the City would come from Discretionary Road Tax funds. The Recommendation is made subject to FDOT providing additional funds and concurring with the recommendation of award by the Engineer.
(ATTACHMENTS)
- Potential Motion:** I move to approve the recommendation.

Approved for agenda by:
