COMMISSION AGENDA MEMO
February 1, 2022**

ADMINISTRATIVE STAFF REPORT

Subject: FEMA Assistance to Firefighters Grants (AFG)

Subject Background: The Fire Department is applying for the FEMA AFG grant for equipment to enhance occupational safety and health as well as replace a 15 plus year old piece of equipment. This grant would provide equipment and installation of a Source Capture Exhaust Removal System and replace a 15 plus year old Breathing Air Machine. This equipment will provide an immediate benefit to the long-term health of firefighters. This project is funded 90% with Federal Funds and has a 10% Match if awarded.

Recommendation: I recommend the authorization of \$18,041.30 for the 10% Match on the FEMA Assistance to Firefighters Grants (AFG) if awarded. Total Project Cost is \$194,054.00.

Potential Motion: I move to approve the recommendation.
