Jeanne,

I am attaching the contract Margaret had on file that lays out the prices of physical. Please note this is the third year for the physicals and the contract states to do a chest x-ray every three years on personnel less than 40 years old, so most of the employees will need one this year regardless of their age.

Each physical entails the following: physical examination by a licensed health care professional, audiogram, visual acuity exam, pulmonary function testing, EKG, CBC, CMP, urinalysis, Lipid panel, PPD TB skin test, Hepatitis B titer, PSA for males over 40 years old.

Thank you.

Dear Chief, Sorry so long to respond. The hospital will be unable to compete with the package that is offered to your department. I would go with them They offer a lot at an unbeatable price. My only question would be if they will stand by whatever they find on individuals. Thanks Rick
