

**CITY OF MARIANNA
COMMISSION AGENDA MEMO
February 1st, 2022**

ADMINISTRATIVE STAFF REPORT

Subject: Perry Brothers Aviation Fuels, LLC.
Refueler Lease Agreement

Subject Background: City budgeted in the 2021/22 Airport Budget 24,000.00 to lease a 5,000-gallon tanker refueling truck. This money was budgeted based on the DLA contract being awarded to the airport to be able to handle refueling needs of the military. The DLA contract has been awarded and we are now in the need for the refueling tanker to meet the needs of our contract.
Perry Brothers Aviation is the current fuel supplier and system operations for the DLA contract, so the lease for tanker truck was provided by them.
The lease contract amount provided by Perry Brothers is attached for review

Recommendation: City Staff has reviewed the lease contract from Perry Brothers Aviation Fuels in the amount of 1,900.00 monthly which is under budget and recommends approval for the lease of the 5,000 gallon refueling tanker truck.

Potential Motion: I move to approve the lease agreement with Perry Brothers Aviation Fuels, LLC.
