

CITY OF MARIANNA
COMMISSION AGENDA MEMO
March 1st, 2022

ADMINISTRATIVE STAFF REPORT

Subject: Hwy 90 Fire Hydrant Purchases

Subject Background: City Commission recently approved city staff to have Blankenship Contracting to replace ten (10) fire hydrants along the Hwy 90 right of way. Contract amount for Blankenship was for labor only. City Staff needs to purchase 8 hydrants that are not currently in stock at our Waste/water treatment shop. Staff has received 3 bids for the fire hydrants that we did not have on hand and which are needed to complete the project. Prices are listed below:

- | | |
|--------------------------------|-------------|
| 1. Lanier Municipal Supply Co. | \$17,399.20 |
| 2. Ferguson Waterworks | \$20,411.93 |
| 3. Southern Pipe & Supply | \$19,390.35 |

Hydrants will be purchased out of the capital outlay funds set aside for the current fiscal budget for water system repairs and upgrades.

Recommendation: City Staff recommends approval for the purchase of eight (8) fire hydrants from Lanier Municipal Supply Co.

Potential Motion: I move to approve the purchase of eight (8) fire hydrants from Lanier Municipal Supply Co. in the amount of \$17,399.20
