Meeting ID 832 9158 9732

The Marianna City Commission met for a special meeting on the above date and time. Mayor Ward called the meeting to order. Members present were: Mayor Allen Ward II, Kenneth Hamilton, John Roberts, and Rico Williams. Commissioner Travis Ephriam was absent.

Mayor Ward led the prayer and pledge to the flag.

John Bryan with Bryan Automotive was present to discuss with the Commission wrecker rates and storage fees for wrecker rotations in the City. He told the Commission that he and several other wrecker services were asking for an increase in the tow rates and storage fees. The Commission would like the City to get some rates together from surrounding areas and report back to the Commission next meeting. They also want Chief Baggett's recommendation on the proposed rate increase.

The City was approved for funding under the FDEP SRF grant and loan program to improve the City's wastewater treatment plant (WWTP). The project is nearing completion and there is a change order that needs approval to prevent delays in the project. The change order involves installing buttress walls on the joints between the old and new portion of the basin along with some other miscellaneous items related to the installation of the walls. This is change order #3 in the amount of \$154,890.57.

Upon a motion by Commissioner Roberts, with a second by Commissioner Hamilton, the Commission voted unanimously to approve change order #3 in the amount of \$154,890.57 and have someone from Mott, MacDonald at the next meeting to discuss in more detail the change order.

City Manager Jim Dean informed the Commission that the next CDBG cycle was coming up and there would be a Public Hearing in June to discuss projects, including the possibility of rehabilitation of the elevated water tanks and repairs to the ground storage tanks as potential projects.

There being no further business the special meeting was closed.

Mayor-Commissioner

Attest:

City Clerk
