Tiffany and Jim,

It made me happy to see your (Chamber) and Main St recommendation for allowing food trucks in commercial and industrial land. I believe it should be allowed only at commercial land or where the land use allows this activity but not at the industrial land as it will have negative impact on commercial properties/businesses and may create safety issues as well in my opinion. I am emailing you as I may not be able to attend the public hearing for the same. Requesting you (Jim) to bring my concerns while discussing in public hearing.

Tiffany can you please also add a request to the City of Marianna to provide water and sewer to all those commercial properties? It will be a big/great help to the small businesses. Again we appreciate the chamber's involvement for the same.

Thank You.
