Subject: Florida Department of Environmental Protection (FDEP)
Northwest Florida Water Management District (NFWFMD)
Amendment to Contract – Tara Estates Sewer
Grant Agreement 22-009

Subject Background: The City was approved for grant funding by FDEP thru the NFWFMD to convert residence in Tara Estates to public sewer. The grant covers 100% of cost.

The project was designed and bid, however bids exceeded funding by over \$1 million. The Engineer, Alday-Howell, applied for additional funds on behalf of the City and the request has been approved, and requires the City to Amend it Agreement to incorporate additional funds.
